"It takes Just One to make a Difference"

The Just One Project's mission is to address food insecurity by providing a number of programs which increase access to food such as; pop-up mobile markets, establishment of a no cost community grocery store, and providing grocery/meal delivery services to the homebound. The Just One Project also connects the community through volunteering and inspiring people to give back. Since the program's inception, they have grown into an innovative client-centric organization that touches over 17,000 lives monthly.
