Mark's love of performing began early in life with leading roles in The Boston Children's Theatre. After several years of guitar lessons, he discovered the other love of his life - singing. He sang in the church choir and starred in many musical productions in surrounding community theatres. Mark started his first band at the age of 16. Mark, in character, interviewed the likes of William Shatner, Geraldo Rivera, Woody Harrelson, and others. Mark became syndicated in over 20 major radio stations across the country.

After moving to Vegas, Mark appeared on Star Search. His rendition of Conway Twitty's "It's Only Make Believe" beat out a five-time winner.

That victory and the subsequent recognition from the Vegas establishment, proved sweet indeed. Mark and his band became one of the most sought after country bands in Vegas, playing at all the major strip properties. Mark and his band began to play more pop music from the 60s, 70s and 80s.

The Entertainment Consumers' Exchange named Mark Las Vegas 2013 Entertainer of the Year joining the ranks of Bobby Darin, Louis Prima and The Lettermen. Mark was also named "Las Vegas Lounge Performer of the Year" in 2011 and in 2013, and was inducted into the "Fans' Hall of Fame in 2014!

Communities In Schools (CIS) is the nation's leading dropout prevention organization, operating in 26 states and the District of Columbia. CIS of Southern Nevada has been providing Integrated Student Support for at-risk students in the Clark County School District since 2004, and this school year is serving over 55,000 students in 53 (K-12) schools.

CIS of Southern Nevada places one or two full-time, highly trained CIS Site Coordinators in the schools to facilitate programs and services provided to the students. These services include a resource room at the schools stocked with school supplies, hygiene products, clothing and food. They provide Tier I support available to all students designed to foster a positive school climate and address school-level risk factors. The site coordinators also case-manage a minimum of 65 students. They conduct an in-depth assessment of the student's situation, needs, and strengths, and develop specific goals through an individualized plan for that student with attendance, behavior or course performance goals. These students then receive Tier II (group) or Tier III (one on one) support, working with many community partners to help them achieve their goals.

CIS of Southern Nevada strives to ensure that every student has the resources and tools to attend school, focus in the classroom, and succeed academically.
